The Complete In-Your-Home Petcare Company

You'd take them with if you could

You love'em. But let's face it. Many times you have to leave them home. In today's busy-busy, rush-rush world, taking care of four-leg family members is a challenge.

At Mattie's Friends, we're committed to providing quality, affordable in-home visits and daily pet care - regardless of your work schedule or lifestyle requirements.

Regular exercise and playtime keeps your pet happy, healthy and fit.

What about vacations?

Everybody needs one from time to time. Our Weekend Away and Vacation services enable you to enjoy a worry-free vacation knowing that your pet is safe and secure in their own home. We'll arrange multiple visits per day, extended exercise periods, special feeding instructions and any other needs you or your pet require. Relax. You're on vacation.

It's no fun being "Home Alone"

Being alone for long stretches of time can actually be harmful to your pet. Lack of human interaction, regular exercise or frequent bathroom breaks increases stress and can actually age your pet prematurely. Regular visits from a trusted and familiar friend helps keep your pet socialized, healthful, and eager for your return.

Services designed for you and your pet(s)

No two families are alike. By offering a wide range of services, we can adjust our schedule to match yours - and ensure that your pets receive plenty of tender loving care.

- ***Daily visits / visits & walks (5 & 7-day)***
- ***Daily on-call services***
- ***Multi-visits***
- ***Vacation or extended-away visits***
- ***Weekender services***
- ***Family emergencies***
- ***Call us for a free initial visit today***

Your dog is a breed apart

Different dogs have different needs. From little ones that think they're boss to the biggest of the gentle giants, we have the experience and understanding to make sure they get the love, exercise and attention they need. Puppy or senior, we'll have tails wagging.

A purrr-fect solution

Our feline friends may be more independent, but they need love and TLC too - especially on

long work days, extended weekend trips or family vacations. Besides fresh food, clean water and new litter, we'll also rub a tummy or spend some time while you are away.

Happiness is a long walk...

Pets, like people, are social creatures. Extended isolation can lead to over-eating, weight gain and lethargic behaviors. By providing your pet with daily exercise, playtime, and a proper

diet, we'll help keep them happy, healthy and waiting for your return home. They will be rested and ready when you walk through the door.

We'll even water the plants

How about all those other 'little things'? We have your covered. As part of our visit we can also:

- ***Water the indoor plants***
- ***Bring in the mail***
- ***Check the lights / timers***
- ***Freshen water & food***
- ***Bring in deliveries (eg. UPS)***

What is "Mattie's Friends"?

Hi. My name is Maura. I'm the owner and founder of Mattie's Friends. Our goal is to provide you with the most dependable and trusted in-home pet care services available anywhere. We don't want to be the biggest - only the best.

Who is Mattie?

I'm glad you asked. Mattie was my little Westhighland Terrier. I had her nine years and miss her dearly. Mattie is the inspiration for our little company. Our family has always had wonderful

pets. Also, I know firsthand how juggling kids, schedules, a career and volunteer work can strain your calendar. My family is grown now, so I started Mattie's Friends to serve the needs of families like ours.

Call us today. We'll arrange a free visit to meet your pet and walk you through our friendly, affordable services.
